

Good for business, good for the planet.

It Pays to Trade to HP Networking

Trade in any hub, switch, router or wireless device through July 31, 2011, and **receive 5% off** your purchase of HP networking products with the HP It Pays to Trade program.

The HP It Pays to Trade program provides a simple way to purchase newer networking technology more affordably, while ensuring that outdated equipment is reused or recycled in an environmentally friendly way. Reduce lifecycle costs and save on new HP networking purchases at the same time.

It Pays to Trade Program Steps:

1. Purchase eligible HP networking product(s) with an invoice date either 30 days prior to Claim Submission date or 30 days following the claim submission date.
2. Trade-in your networking device by completing the online claim form.
3. Fax your purchase invoice for your new HP networking product(s) within 30 days from claim submission date to (770) 217-4148.
4. You will receive return shipping instructions for your old device. The trade-in unit(s) must be shipped within 60 days from the claim submission date.
5. Trade-in checks will be issued within approximately 6 to 8 weeks after purchase invoice has been validated and receipt of your traded product(s) has been completed, whichever is later.
6. The maximum rebate per company is \$50,000 per HP fiscal year.

Contact your authorized HP reseller, or visit <http://www.hp.com/united-states/tradein/promo/networking/index.html> for claim form and all terms and conditions.
